### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Paul Odell on 5/21/04.

The application has been amended as follows:

Claims 1-29 and 31 have been canceled.

2. The following is an examiner's statement of reasons for allowance: claims 30 and 32 are allowed because the prior art of record does not disclose the deformable flexible connection having a step-like configuration when it is in the initial state, and having an inverted V-shaped cross-section configuration when it is in the final deformed state; or deformable flexible connection having a plurality of radial spacers and which define a plurality of gaps weakening the connection for subsequently accommodating material flow deformation of the connection to the final deformed state when the attachment device is mounted on the recipient neck.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
